October 2009

PRESS RELEASE

One new face joins the Screen team

Screen Subtitling Systems Ltd is pleased to announce the recent appointment of Jonathan Jenkyn as Software Developer.

Jonathan joins us as a permanent member of the development team after having consulted under contract through SDI since February 2009 on Screen's MediaTrack project. Prior to working with Screen, Jonathan gained considerable experience within Cryptography, Security, Internet Technology and Public Key Infrastructure, working for Virgin Direct, De La Rue and the British Bankers Association.

His move to Ipswich was prompted by the growth of his family, and he hopes to utilise some of his unique skills within an already specialist team in his role as Software Developer. In his spare time Jonathan enjoys playing guitar, DIY, cooking and spending time with his family.
